Where can I find the due date for the renewal of my Certificate of Suitability (CEP)?

## Answer:

The renewal due date for all CEPs which have not yet been renewed can be found in the Certification Online database ("Renewal due" column). If a CEP has already been renewed, then no date will be displayed.

Please note that the renewal due date will not be included on any CEPs issued after 1 September 2023 (CEP 2.0 or hybrid format). The renewal date will still be present on CEPs which have not yet been renewed if the issue date was before 1 September 2023.
