

Why is the safety data sheet/statement (SDS) missing from the online Ph. Eur. reference standards database ?

You are here:

[EDQM FAQs](#) / [EDQM FAQs in English](#) / [QUALITY & SAFETY](#) / Why is the safety data sheet/statement (SDS) missing from the online Ph. Eur. reference standards database ?

Answer:

SDSs are not provided for material for which no hazard has been identified. The hazard status for these materials is available in the database and is also published on the shipping documents with the note: 'Hazard: none identified'.

For more information on SDSs, please see the [Safety Management System](#) page on our website.

For more other information, please us via the [EDQM HelpDesk](#). For information on how to use the EDQM HelpDesk, please see the [HelpDesk User Manual](#).
