

Can the EDQM provide typical chromatograms for tests described in the monographs?

You are here:

[EDQM FAQs](#) / [EDQM FAQs in English](#) / [EUROPEAN PHARMACOPOEIA & INTERNATIONAL HARMONISATION](#) / [General Chapters and Monographs](#) / [IMPURITIES AND CHROMATOGRAPHY](#) / Can the EDQM provide typical chromatograms for tests described in the monographs?

Answer:

The EDQM provides chromatograms:

1. In leaflets supplied alongside reference standards where necessary for the proper use as prescribed in a monograph. Leaflets can be downloaded from the [Eur. reference standards database](#).
2. In the [Knowledge Database](#) wherever they are available to help interpret a monograph.

If a chromatogram is not available from one of the above sources, the EDQM does not provide it.
