

Is a certificate of suitability equivalent to a certificate of analysis?

You are here:

[EDQM FAQs](#) / [EDQM FAQs in English](#) / [CERTIFICATION OF SUBSTANCES FOR PHARMACEUTICAL USE](#) / [General information on Substances for pharmaceutical use](#) / [Application dossier](#) / Is a certificate of suitability equivalent to a certificate of analysis?

Answer:

A certificate of suitability (CEP) does not replace a certificate of analysis and does not guarantee that a batch of the substance is of suitable quality. It is also not a replacement for a GMP certificate. A CEP demonstrates that the given substance is suitably controlled by the Ph. Eur. monograph with additions if necessary.

For more information, see [How to read a CEP \(PA/PH/CEP \(15\) 31\)](#).
