

How can I obtain the impurities listed in a monograph?

You are here:

[EDQM FAQs](#) / [EDQM FAQs in English](#) / [PRODUCTS AND SERVICES \(Publications, Reference standards, CombiStats\)](#) / [EDQM reference standards](#) / [General information on EDQM reference standards](#) / How can I obtain the impurities listed in a monograph?

Answer:

Only those substances that are necessary for carrying out the tests prescribed in the Ph. Eur. are available. In the monograph, the names of the impurities that are available are followed by 'CRS'. If this text is not included, the EDQM does not distribute this substance. Please consult the [Ph. Eur. reference standards database](#).
