

How can I modify a cell without having to retype it?

You are here:

[EDQM FAQs](#) / [EDQM FAQs in English](#) / [PRODUCTS AND SERVICES \(Publications, Reference standards, CombiStats\)](#) / [Statistics CombiStats](#) / [Using CombiStats](#) / How can I modify a cell without having to retype it?

Answer:

Select the cell you want to modify. Press the 'INSERT' Key or the 'F2' key. You can now edit the content of the cell.
