

# Can I prevent users from accessing the Advanced Options?

You are here:

[EDQM FAQs](#) / [EDQM FAQs in English](#) / [PRODUCTS AND SERVICES \(Publications, Reference standards, CombiStats\)](#) / [Statistics CombiStats](#) / [Using CombiStats](#) / Can I prevent users from accessing the Advanced Options?

## Answer:

Yes, but this will also block access to the Options Wizard. You can block the access by clicking the padlock button in the menu bar and defining a protection level of 2 or higher.
