

When is an article considered to be of Ph. Eur. quality?

You are here:

[EDQM FAQs](#) / [EDQM FAQs in English](#) / [EUROPEAN PHARMACOPOEIA & INTERNATIONAL HARMONISATION](#) / [General Chapters and Monographs](#) / [COMPLIANCE WITH A MONOGRAPH](#) / When is an article considered to be of Ph. Eur. quality?

Answer:

An article is considered to be of Ph. Eur. quality if it complies with all the requirements stated in the monograph and in any other applicable text (general chapters, general monographs etc.). However, this does not mean that all of the tests stated in the monograph will always have to be carried out in every case. Please refer to the Ph. Eur. *General Notices* for more details.
