

# How much does CombiStats cost and how long is the licence valid for?

You are here:

[EDQM FAQs](#) / [EDQM FAQs in English](#) / [PRODUCTS AND SERVICES \(Publications, Reference standards, CombiStats\)](#) / [Statistics CombiStats](#) / [Ordering CombiStats](#) / How much does CombiStats cost and how long is the licence valid for?

## Answer:

The annual licence for CombiStats runs from 1 November to 31 October. Renewals for the following year can be placed from 1 September. A single-user licence (1 licence per PC) costs €300 – this is irrespective of when you order during the licence period. No discounts are available for multiple purchases.
