/ How can I obtain my login details?

Answer:

When you order the online version of the Ph. Eur. 11th Edition, or when a licence is assigned to you, you will receive a confirmation e-mail.

This e-mail contains a link and instructions for registering to access our platform.

Note: if you already have an account on the platform, for example for the European Paediatric Formulary (PaedForm) or for the previous edition of the Ph. Eur., the details will be the same. Your username is always your e-mail address.
