

Where are the example files?

You are here:

[EDQM FAQs](#) / [EDQM FAQs in English](#) / [PRODUCTS AND SERVICES \(Publications, Reference standards, CombiStats\)](#) / [Statistics CombiStats](#) / [Using CombiStats](#) / Where are the example files?

Answer:

The example files are installed in the 'examples' sub-directory of the installation directory (by default C:\Program Files\CombiStats70\). The files can be easily accessed by clicking on the lightbulb button in the menu bar.
